### **Chief Executive Officer, Native Agriculture Financial Services (NASF)**

(2023-present)

- Beginning August 1, 2023, assumed the position of founding Chief Executive Officer of the nation's first Other Financing Institution within the national Farm Credit system, serving the access to capital needs of the nation's Native American agriculture community and the communities in which they reside.
- Responsible for all aspects of creation of NASF administrative offices, including establishment of all internal policies, administrative oversight and compliance, finance and accounting systems and human capital systems, including work with the NASF Board to establish lending and underwriting policies.

### **General Counsel, United States Department of Agriculture (USDA)**

(2021-2023)

- Served as chief legal advisor to the Secretary of Agriculture, Thomas J. Vilsack, United States Department of Agriculture (USDA) in Washington DC.
- Presidential appointment by President Joseph R. Biden; confirmation by the United States Senate Agriculture Committee (PAS). 1<sup>st</sup> Native woman and 4<sup>th</sup> woman to serve as General Counsel at USDA.
- Managed and oversaw a staff of over 250 lawyers, paralegals, and administrative professionals located in 12 field offices and Washington DC.
- Oversaw the USDA Office of Ethics and USDA Office of Information Affairs.
- Responsible for interdepartmental leadership on all legal and policy issues with which USDA is involved, including trade, marketing, nutrition, lending, economic development, natural resources, food safety, risk management, research and education and economics.
- Interaction with the White House policy and legal advisors, Congress, Department of Justice, and other Federal departments on a regular basis.
- Responsible for strategic direction of the Office of General Counsel.
- Interface with all mission areas and offices of the USDA on significant policy and legal matters; responsible for providing legal advice and counsel to all professionals working with the USDA.
- USDA has approximately 100,000 employees across every county in the United States and in over 70 embassies around the world.
- USDA is responsible for leadership of policy for the United States in agriculture production, federal farm programs, crop insurance and risk management, conservation, agriculture trade, food safety, agricultural marketing and regulatory programs, food and agriculture (including climate) research, economic analysis, the Forest Service system, and the federal nutrition programs.

**Volunteer Service**, Biden-Harris Presidential Transition Team; November 2020-January 2021.

### **Chief Executive Officer, Native American Agriculture Fund (NAAF)**

(2018-2021)

- During the period of July through December 2018, served as CEO of NAAF under consulting contract relationship between Native Solutions, LLC (see explanation below) and class counsel law firm of Cohen Milstein of Washington DC.
- Beginning January 2019, began direct employment contract relationship with NAAF to serve as CEO.
- Appointment as CEO of NAAF approved by federal district court during conclusion of an almost two decades long civil rights ECOA litigation against the federal government (*Keepseagle v. Vilsack*).
- NAAF is the nation's largest philanthropic organization with over \$266M in assets focused solely on providing grants and programs to support business assistance, agricultural education, technical support and advocacy services to Native American farmers and ranchers to support their continued engagement in agriculture.
- Responsible for all aspects of creation of NAAF administrative offices, including establishment of all internal policies, administrative oversight and compliance, investment management systems, finance and accounting systems and human capital systems; collaboration with all senior leadership and Trustees in the creation of policies related to finance, accounting, human resources, investment, and programmatic grant-making development.
- Conceptualization and development of NAAF's programmatic design for grant making; NAAF is responsible for grant making and charitable and educational deployment of NAAF assets over a spend-down period of 20 years beginning in 2018 and expiring in 2038.
- Responsible for identification and deployment of philanthropic and investment partners to NAAF to augment the mission of the organization.
- Primary author of *Reimagining Native Food Economies: A Vision for Native Food and Agriculture Infrastructure Rebuilding and Recovery* (2020); a NAAF publication identifying opportunities for Native food economies by focusing on agriculture infrastructure needs

### **Director, Indigenous Food and Agriculture Initiative (IFAI);** University of Arkansas Fayetteville

School of Law

(2013-2018)

- Responsible for founding and launch of the nation's first law school-based Indigenous initiative focusing on model food and agriculture code development, strategic food and agriculture business analysis and planning, food safety technical assistance, health and nutrition law and policy analysis.

- Launch of the Native Youth in Food and Agriculture Summer Leadership Summit; focused on development of a professional pipeline of food, health, and agriculture next-generation Native leaders and scientists.
- Primary author and/or co-author of:
  - Feeding Ourselves: Food access, health disparities, and the pathways to healthy Native American communities; commissioned by the American Heart Association Voices for Healthy Kids, 2015.
